20.11. (Friday): 12:30–14:30
21.11. (Saturday): 13:00–15:00

- Timeframe of dinner (MAK'S Restaurant, ground floor):

19.11. (Thursday): 18:00–21:00
20.11. (Friday): 18:00–21:00

COFFEE BREAK

- Congress Halls A–B.

QV PARTY

- 20th of November (Friday), GALERIA Restaurant (ground floor), 21:00.

SESSION I

THURSDAY, 19TH OF NOVEMBER
11:00–18:00
C-D HALLS (ground floor)

11:00–12:30	Periodontal plastic surgery for multiple gingival recessions – innovations and complications Dr Claudio MAZZOTTI, Italy
12:30–13:15	Lunch
13:15–14:00	Multilayer technique and autologous dentin in immediate implant reconstruction of defective alveolar socket Dr Martin TOMEČEK, Czech Republik
14:00–14:45	Beyond Bone: advanced full-arch rehabilitation of the atrophic maxilla using zygomatic, pterygoid & transnasal implants Prof. Dr Leon ARDEKIAN, Israel
14:45–15:15	Break
15:15–16:15	Understanding inflammation and its application in oral surgery Dr Joseph CHOUKROUN, France

16:15–17:00 Scan-Design-Print-Smile
Implant-supported prosthetic restorations using 3D technology

Dr Aleksandra NITECKA-BUCHTA, Poland

17:00–18:00 Predictable implant dentistry – integrating bone and soft tissue augmentation into everyday practice

Dr Marta CIEŚLIK-WEGEMUND, Poland
Dr Dariusz PITUCH, Poland

WORKSHOP
18:30–21:00
R HALL (first floor)

Advanced full-arch rehabilitation of the atrophic maxilla using zygomatic, pterygoid & transnasal implants

Prof. Dr Leon ARDEKIAN

SPECIALISTSEMINAR
18:30–21:00
C-D HALLS (ground floor)

The immune strategy to reduce the complications rate

Dr Joseph CHOUKROUN

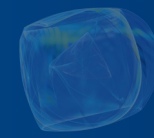

SESSION II

FRIDAY, 20TH OF NOVEMBER
8:30–18:30
C-D HALLS (ground floor)

8:30–10:00	The 4 surgical key-factors to prevent peri-implantitis Prof. Dr med. dent. Daniel BUSER, Switzerland
10:00–10:30	Break
10:30–11:15	Rethinking sinus lift: the Low Window Technique for predictable and minimally invasive implant surgery Dr Terry ZANIOL, Italy
11:15–12:15	Preserving alveolar ridge volume as a method of simplifying implant procedures Dr Ivan DESSIMIROV, Bulgaria
12:15–13:00	Lunch
13:00–14:00	As gentle as possible as aggressive as needed – a key factor in immediate implant placement and immediate restoration of the esthetic zone Prof. Dr Gabi CHAUSHU, Israel

14:00–15:00	Advances in ceramic implantology: clinical applications and practical experience Dr Olivier CHÉRON, Spain
15:00–15:30	Break
15:30–16:30	Transcrestal maxillary sinus floor elevation – management in the digital era Two decades of experience: revolution or evolution Dr n. med. Łukasz ZADROŻNY, Poland
16:30–16:45	Break
16:45–17:45	Immediate loading in advanced alveolar ridge atrophy Modern solutions for complex clinical cases Lek. dent. Marcin BOGURSKI, Poland
17:45–18:30	Vertical and horizontal biological bone regeneration with synthetic graft – from safe procedures to challenging cases Dr Nabil BENABADJI, Luxembourg

PROFESSIONAL VIP-FORUM
19:00–21:00
C-D HALLS (ground floor)

Debate topic:

Patient and physician safety during surgical procedures?

Dr Dariusz PITUCH

WORKSHOPS
19:00–21:30
L, **R**, **S** HALLS (first floor)

L Hall

My first ceramic implant. From theory to practice – clinical cases

Dr Olivier CHÉRON

R Hall

The Low Window Technique – the author's step-by-step sinus lift protocol

Dr Terry ZANIOL

S Hall

TentPole-Technique provides a predictable approach for vertical and horizontal bone regeneration even in larger bone defects especially combineted with a fully absorbable synthetic biomaterial

Dr Nabil BENABADJI

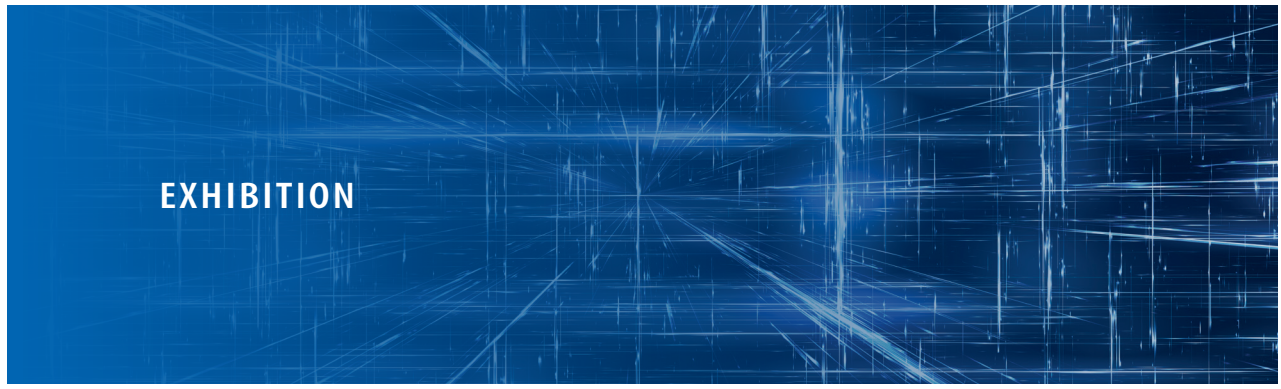

SESSION III

SATURDAY, 21ST OF NOVEMBER
8:30–16:30
C-D HALLS (ground floor)

8:30–10:00	Early implant placement with simultaneous contour augmentation using GBR: step-by-step procedures Prof. Dr med. dent. Daniel BUSER
10:00–10:30	Break
10:30–11:30	Sinus lift surgical techniques and complication management Prof. Dr Puria PARVINI, Germany
11:30–11:45	Break
11:45–13:15	Key principles of bone and soft tissue site development for dental implants: When to use only soft tissue and when hard tissue grafts Prof. Dr Massimo SIMION, Italy
13:15–14:00	Lunch

14:00–14:45	Less is More in oral surgery: Success algorithms using supershort implants Prof. Dr Pietro FELICE, Italy
14:45–15:30	Full mouth rehabilitation: 35+ years of clinical experience Dr Michel ROGÉ, Andorra
15:30–16:30	Photogrammetry as a key element of predictability in full-arch restorations Dr Artur GATKOWSKI, Poland
