From MICRO to MACRO

Bone and soft tissue regeneration

PROGRAM

26th–27th of June, **2026** | Park Inn by Radisson Hotel Cracow, Poland

ALFA 1 HALL

INTERDISCIPLINARY STUDIO

10:00–11:30 Synoptic treatment planning for potentially missing front teeth, and current concepts to replace posterior teeth: short implants, how to avoid surgical and technical complications
Dr med. dent. Konrad H. MEYENBERG, Switzerland

11:30–12:00 Coffee break

12:00–13:00 Socket and ridge preservation procedures: materials – techniques – algorithms
Dr med. dent. Dietmar WENG, Germany

13:00–14:00 Lunch

14:00–15:00 Bone regeneration in the vertical and horizontal dimensions
Immunology-based protocols
Dr Jérôme SURMENIAN, France

15:00–16:00 The Khoury's technique – quality following biology, or the gold standard of bone regeneration through the eyes of a practitioner
Dr Maciej WALCZAK, Poland

ALFA 2 HALL

WORKSHOP

17:00–20:00 Alveolar process regeneration based on patient immunology
Dr Jérôme SURMENIAN, France
Dr Arkadiusz MAKOWIECKI, Poland

ALFA 1 HALL

SPECIALIST SEMINAR

17:00–19:30 Surgery step-by-step: incisions, instruments, and suturing techniques in dentistry
Dr med. dent. Dietmar WENG, Germany

ALFA 1 HALL

REGENERATION STUDIO

9:00–10:30 Oral rehabilitation procedures from minor to large bone- and soft tissue defects
Prof. Dr med. dent. Fouad KHOURY, Germany

10:30–11:00 Coffee break

11:00–12:00 Management of complications in implant & bone augmentation procedures
Prof. Dr med. dent. Fouad KHOURY

12:00–13:00 Osteoimmunology 2.0: understanding inflammation to prevent clinical failures
Dr Elisa CHOUKROUN, France

13:00–14:00 Lunch

14:00–15:30 Papillae regeneration technique
Dr Patrick PALACCI, France

15:30–16:00 Coffee break

16:00–17:00 Principles of soft tissue manipulation
Dr Patrick PALACCI
